Transmedia Storytelling

iFest 2011 - 4 August

Dr. Elaine Raybourn, ADL Research Scientist, Sandia Labs
Aaron E. Silvers, ADL Technical Team Community
Manager, contractor with Problem Solutions

What We'll Cover

- What is Transmedia?
- How is Transmedia currently employed by the Services?
- How might Transmedia improve the results of our training and development programs?

What is Transmedia?

A process where integral elements of a narrative get dispersed systematically across **multiple delivery channels** for the purpose of creating *a unified and coordinated narrative experience*.

Ideally, each medium makes *its own unique contribution* to the unfolding of the story.

“A system of telling stories”

Four Transmedia Principles

- Place (worldbuilding)
 - Characters (subjectivity)
 - Narrative (seriality)
 - Audience Interface (performance)
-
- More on Henry Jenkin's principles

http://henryjenkins.org/2010/06/transmedia_education_the_7_pri.html

Worldbuilding

MMORPGs and multi-player training games have conditioned audiences to expect personalized experiences with...

- Scale & Intimacy
- Opportunities for Serendipity & Discovery
- Increased Immersion (Suspends Disbelief)
- Role-play

<http://flic.kr/p/8D5QkQ>

<http://flic.kr/p/N8LAe>

Army and USMC Training Centers

National Training Center

USMC 29 Palms

Joint Readiness Training Center

Stryker Brigade BCTC

Personas and Characters

- What makes a good transmedia character?
 - Recognizable silhouette
(Darth Vader, Bugs Bunny)
 - Identifiable actions
(the "force choke," chomping on a carrot)
 - Recognizable voice
 - Heroes, Icons

Soldiers in our Real Heroes program would never contact anyone to request personal information, initiate conversations on websites or instant funds.

REAL HEROES

Heroes are people of distinguished courage or ability, admired for their brave deeds and noble qualities. The America's Army Real Heroes program puts a face on some of the exceptional Soldiers who are at the forefront in the defense of freedom.

The America's Army project is proud to recognize the following nine Real Heroes for their dedication and gallantry in action! Check out the details of some of the Army's bravest Soldiers below!

SERGEANT FIRST CLASS (SFC) JOHN ADAMS ★

I will always place the mission first.

SFC Adams' heroic actions prevented anti-Iraqi forces from emplacing Improvised Explosive Devices meant to injure American Soldiers. For his heroism, SFC Adams was awarded the Bronze Star with "V" Device for Valor.

[View Sergeant First Class \(SFC\) John Adams's homepage >>](#)

MAJOR (MAJ) JASON AMERINE ★

I will always place the mission first.

MAJ Amerine's actions in the face of overwhelming odds and direct hostile aggression resulted in the surrender of Kandahar by the Taliban forces and directly contributed to his country's success in the War on Terror. For his heroism, MAJ Amerine was awarded the Bronze Star with "V" Device for Valor.

SERGEANT (SGT) MONICA BROWN ★

I will never leave a fallen comrade.

Refusing to leave a fallen comrade, SPC Brown distinguished herself by acts of conspicuous gallantry and courage under fire, becoming the second woman since WWII

SERGEANT FIRST CLASS (SFC) ROBERT GROFF ★

I will never quit.

SFC Groff's bravery in the face of 250 well-armed insurgents saved the lives of numerous Soldiers and civilians. For his heroism, SFC Groff was awarded the Bronze Star with "V" Device for Valor.

Characters are Co-Created

Transmedia characters draw the audience to imagine their backstories (and sidestories), shaped in large part by the audience in participatory culture.

BEFORE

AFTER

Narrative & Seriality

Character and story are revealed over time:

- Balanced content
- Consistent voices
- Respect the fans
 - Give them some space to “play”

Comic Con 2011
 29 JUL 11

For the old Marine, flying into San Diego always makes me twitch. Not with the giddy anticipation of Comic Con, but because as we begin our descent, the yellow barracks of MCRD (Marine Corps Recruit Depot) where I did my 14 weeks of boot camp tower right there, a fence line away from the runway. But that subtle twinge is ... [more...](#)

How do we do it?

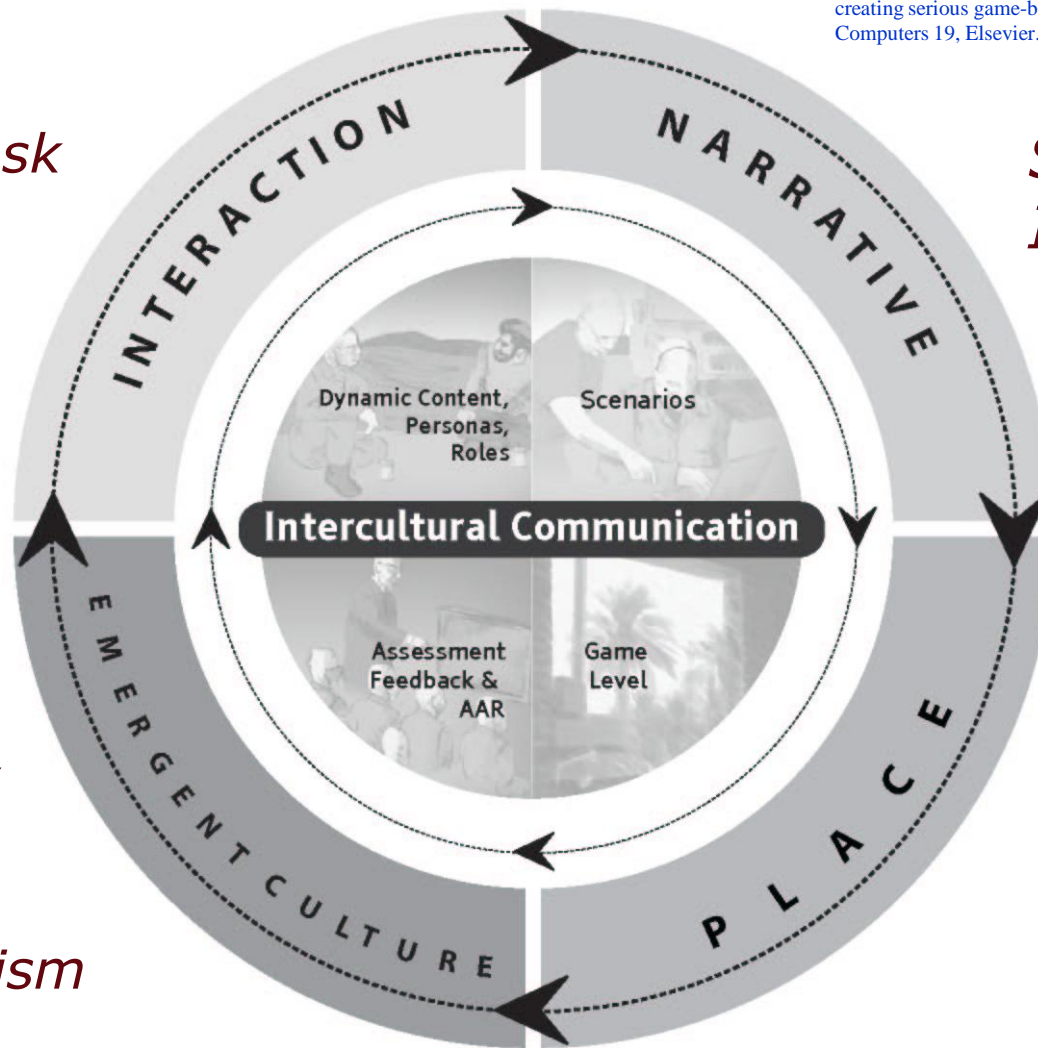

Raybourn, E.M. (2007). Applying simulation experience design methods to creating serious game-based adaptive training systems. *Interacting with Computers* 19, Elsevier. 207-14.

Cognitive Task Analysis

SME Iteration

System functionality reinforces culture, ethnorelativism

Leverage Government investments

Example of Transmedia for Training

- Training Support Packages (TSPs)

“a complete exportable package integrating training products, materials, and information necessary to train one or more critical tasks...contents will vary depending on the training site and the user.” (DA, 1999, Para. V-7-3).

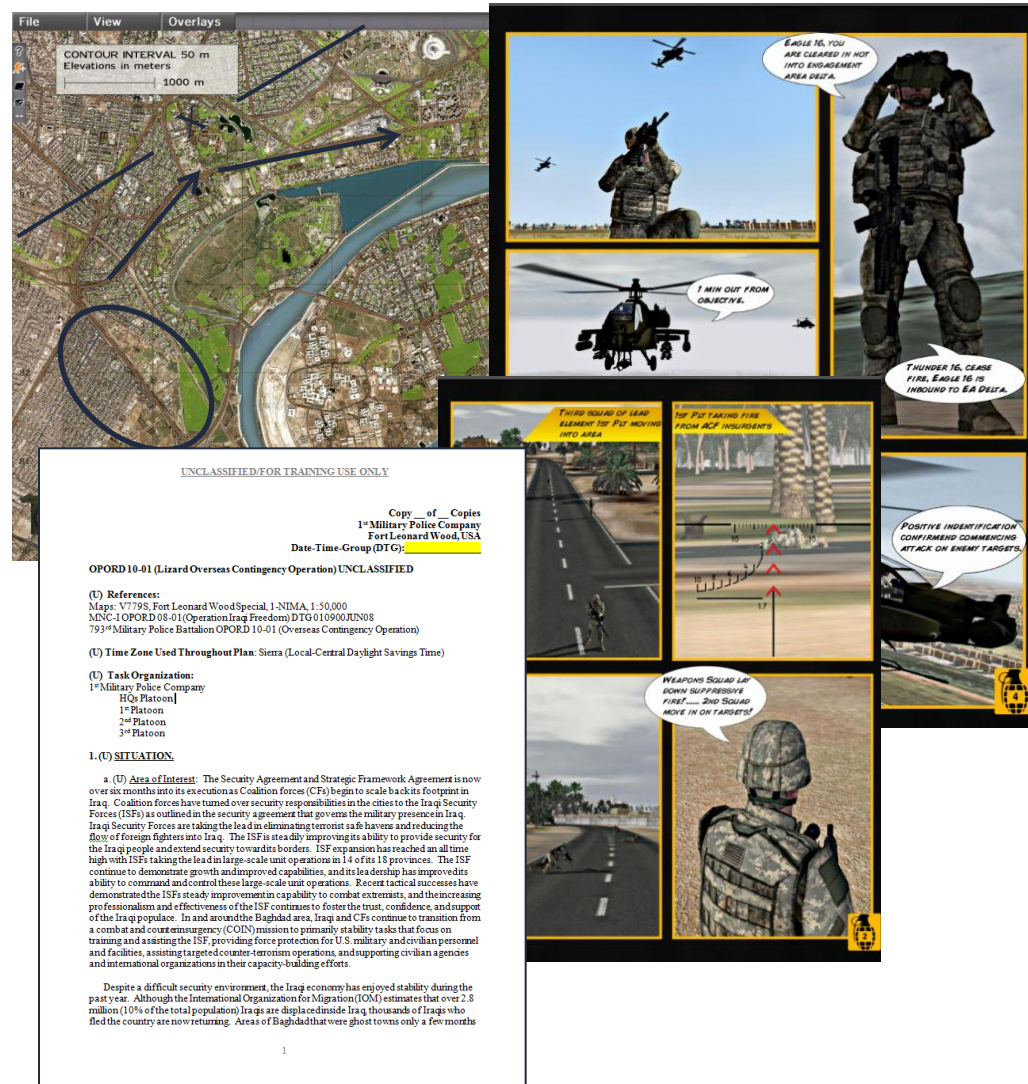

TSP Contents

- Instructor Guide
- Order of Battle
- Student Guide
- Tactical Materials
- Event Guides
- AAR Guides
- VBS2 Scenario Files
- Graphic Novels

Summary
